

CANADIAN FORCES

Serving those who serve us!

Canada Catering Company (A Division of Brown's Fine Food Services Inc.) has had decades of experience providing services to training facilities and we understand the challenges associated with providing your services at a standard consistent rate in a high quality and cost-efficient manner.

Since 1947, we have proudly served members of the Canadian Forces by providing a full complement of dining, laundry and housekeeping services. We understand remote camp feeding and have established ourselves as a leader -having built our reputation on reliability, flexibility, integrity and innovation.

Our management teams are experienced leaders in the industry who endorse these principles and are always ready to respond to and satisfy our client's needs.

Providing exceptional customer service, courtesy, expediency, and professionalism are the hallmarks of Canada Catering in this dynamic and ever changing environment.
